Stockinger Safes

The Stockinger safe is available in many styles (left and middle); Specialized storage is also available (below).

WHEN WAS THE LAST TIME YOU ACTUALLY admired a safe as much as its contents? Or more importantly, have you ever seen a safe that was aesthetically pleasing?

Stockinger [www.stockinger.com] aims to completely change this perception with its range of superbly designed, state-of-the-art safes. Not only do they outperform any other safe company in appearance, but they are also manufactured to the highest security ratings – equivalent to those for banks.

As Managing Director Dominik von Ribbentrop says, “Stockinger’s passion is to enrich the grey world of bulky safes with a high-class product that is as secure as a bank, as precise as a master timepiece, and as beautiful as a work of the finest art.”

For years, passionate watch collectors have loved Stockinger’s innovations and features for watches. A Stockinger safe not only provides

optimum protection for watch collections, but also ensures that they are properly and professionally stored. Stockinger watch winders for your automatic watches, are the ideal solution for collectors.

Stockinger also has the ultimate storage solution for your jewelry. A made-to-measure

safe, which properly stores all your pieces of jewelry and is easy to operate and maintain, is the best thing that can happen to your jewelry. Whether it be large or small rings, broaches, earrings, wide or narrow necklaces, chokers, cuff links, or bangles – you will be able to present your jewelry at home in the same style to which you are accustomed while viewing collections at the finest jewelers and goldsmiths.

The Private Line ranges in size from a little more than two feet in height to around six feet for the Magna double-door safe. Prices range from \$30,000 to upwards of \$125,000, depending on the client’s desires. ●
