

Woodlands Spa And Salon At Nemaquin

Fireside Lounge (top right); indoor pool, salon, yoga and meditation (above - left to right); fitness center, facial, massage (below - left to right)

From transformative, cutting-edge signature therapies and traditional, holistic practices to pure, unadulterated luxury spa treatments, guests of the Woodlands Spa and Salon at Nemaquin (nemaquin.com) define what self-care and wellness mean to them, and then discover unique offerings and special services they won't find anywhere else to relax, rejuvenate, and indulge.

Woodlands Spa and Salon provides forty treatment rooms, a full-service salon, a skillful and attentive staff, a diverse range of treatments, and services that soothe the mind, body, and spirit.

Spa Treatments – whether guests are seeking ultimate relaxation, rejuvenation, or simply to be pampered to perfection, the talented staff will seamlessly guide them through their wellness journeys. Woodlands Spa and Salon offers Signature Spa Specialties such as Five Elements Journey, embracing the delicate harmony between the five earth elements – wood, fire, earth, metal, and water; Ritual Facial, a five-phase, full-body balancing treatment; and Biologique Recherche, personalized, all-natural skincare products and state-of-the-art facial technologies.

The Salon – a Woodlands Manicure or Pedicure will reveal smoother, more supple skin with a seasonal scrub, mask and nourishing hydrating massage. Gentlemen can enjoy a pedicure, too, with a light soak, professional nail maintenance, and an application of a butter rum sugar scrub, followed by a peat mineral mask. Service concludes with a relaxing cinnamon sugar and shea butter foot massage and a light nail buff.

Woodlands Spa and Salon facilities include a four-lane indoor lap pool – heated to 84 degrees year-round – steam and sauna rooms, as well as locker rooms. ●
