Warwick New York Hotel

PERFECTLY SITUATED IN MIDTOWN MANHATTAN, WARWICK NEW YORK HOTEL is less than four blocks to Central Park, Rockefeller Center, and the celebrated shops of Fifth Avenue. The hotel offers guests superb personalized service, and a calm reprieve from Manhattan's busy pace.

Warwick International Hotels (www.warwickhotels.com) has just announced the debut of vintage Hollywood inspired Premier Rooms and Suites at their flagship location, Warwick New York Hotel. Three complete floors, comprising 48 rooms and 10 suites, have been completely renovated and are open to welcome guests from around the world.

The new room designs define the look for future renovations within this historic hotel and pay homage to the romance between newspaper magnate William Randolph Hearst and his love Marion Davies, for whom he built the 36-story apartment hotel in 1926. Enveloped in shades of platinum, champagne, beige, and silver, the lavish furnishings include walnut veneer wood dressers, consoles, and mini-bar cabinets with antiqued mirror inlays and dining room tables and desks in a deep, decadent shade of Java Chocolate. Champagne silver-leaf coffee and accent tables, along with high-gloss ivory lacquer bedside tables and rich fabrics add sparkle and comfort to the ambience for guests to indulge in. All guests in the Premier Rooms and Suites will also enjoy Bulgari bath products, welcome amenities on arrival, and a turndown amenity specifically from the 1920s – a box of Milk Duds, which were introduced in 1926, the same year as the Warwick New York Hotel.

Guests eager for access to state-of-the-art technologies will have their fill with new flat-screen TVs, in-room movies, dimming control for lighting, and oversized electric safes to accommodate laptops and valuables. Each of the Premier Suites offers a 40-inch high definition LCD TV in the living room with an interactive multimedia system that allows guests to connect their laptop computers, iPods, and iPhones to the television. In addition, upon request, a Wii console can be delivered to the suites. Guests will also appreciate wired and wireless Internet access availability from the Premier Rooms and Suites.

With the unveiling of the new Premier Rooms and Suites, Warwick New York Hotel offers an ideal choice for business and leisure travelers, consistently delivering outstanding value and personalized service. ●
