Millage

FOUNDED IN 1867 BY MILLAGE Massih and still operated by the Massih family today, Millage manufactures fine men's and women's wristwatches that combine functionality with elegance in its own factories in Europe. Headquartered in Los Angeles since 1997, they offer more than 100 styles in 18-karat gold, platinum, stainless steel, and high-tech aluminum, as well as 80 different dial colors, available across a wide range of price points.

A member of Millage's highly sophisticated timepiece collection, the Rogue SLS is a luxury chronograph with a sapphire crystal, a fine brushed and polished stainless steel case, and fine polished stainless steel bezel material. Each piece is water resistant up to 330 feet and boasts an automatic date calendar, fine quality silicon bracelet, and a buckle clasp. Customers can choose from five different models including black and silver face, silver and black face, silver face, black face, and white face.

Another luxurious timepiece offering, the Esquire is a Swiss Quartz Chronograph movement with a sapphire crystal and fine solid stainless steel case and bezel material. It is water resistant up to 330 feet with an automatic date calendar and luxury butterfly buckle, and offers customers six different elegantly designed styles to choose from.

The crown jewel of the Millage collection is their Tourbillion, providing customers with a choice of 12 different intelligent design combinations. The timepiece boasts an automatic 29 jewels movement, sapphire crystal, fine brushed and polished stainless steel case, stainless steel bezel material, water resistance up to 165 feet, automatic date calendar, a genuine coroco calf leather bracelet, and a deployment buckle clasp.

Millage offers a variety of sophisticated watch types for even the most discerning clientele, all reflecting their 144-year-old tradition of making elegant and unique design and quality timepieces, which can be purchased online (www.millage.com) or at authorized dealers nationwide. ●
