## Capella Singapore

LOCATED JUST OVER 10 MINUTES FROM THE Ritz-Carlton, Millenia, within the business section of the city, Capella Singapore is a unique hideaway situated on 30 acres of lush rainforest in an elegant and peaceful setting. It is as ideal for a weekend getaway as for a business-focused stay. The property offers every convenience, including a selection of excellent restaurants, as well as access to an array of beautiful sights and delightful sounds.

The modern and the classic come together beautifully on Sentosa Island, where the property is based, offering direct access to Sentosa's Palawan Beach. Featuring 112 of the most spacious guest rooms, suites, manors, and villas in Singapore, many of the one- and two-bedroom garden suites and villas overlook the South China Sea and have private plunge pools with outdoor bathing facilities.

Convenient amenities in each suite include a touch panel to control lighting, air-conditioning, and drapes; iPod docking stations; complimentary wireless Internet; and a soft drink refreshment center.

One of the features that sets Capella apart is the availability of a Personal Assistant, who contacts each guest prior to arrival to help fashion his or her stay.

Guests will appreciate the use of a fleet of Mercedes and a Rolls-Royce Phantom to explore Singapore in luxury and style.

For those with a seasoned palate, the property offers Chinese fine cuisine at Capella Singapore's Cassia restaurant or authentic Mediterranean cuisine at The Knolls.

Visitors can relax near cascading, sparkling pools, or rejuvenate their muscles at the state-of-the-art fitness center. The on-site Auriga Spa offers a celestial approach to wellness.

Business travelers will enjoy fully equipped meeting rooms offering the highest standard of technology, as well as access to a meeting planner who can arrange the perfect schedule. ●
