## Trump SoHo New York

*"The penthouses at Trump SoHo have spectacular views that cannot be seen anywhere else in New York City. Our unique downtown location, coupled with the fact that the hotel is the tallest building in the neighborhood, produce spectacular views that showcase not only an uptown view of skyscrapers, Central Park, and the length of Sixth Avenue, but also the details of lower Manhattan, the World Financial Center, Hudson River, and the East River bridges."*

AS THE FIRST FULL-SERVICE LUXURY HOTEL IN THE NEIGHBORHOOD, Trump SoHo New York ([www.trumpsohohotel.com](http://www.trumpsohohotel.com)), features 391 spacious guest rooms and suites boasting floor-to-ceiling windows that provide unrivaled views of Manhattan's spectacular skyline and the Hudson River. With just 12 rooms per floor, the property has an intimate ambiance of sophistication and indulgence. Owners and hotel guests will appreciate the property's signature restaurant, Koi SoHo, as well as the seasonal poolside Bar d'Eau. In addition, Trump SoHo recently welcomed a new ultra-lounge. The Spa at Trump®, with its two levels of pampering services, provides New York its only authentic luxury Turkish hammams, and guests can enjoy the utmost in personal service with the Trump Attaché.

In addition to being honored this year with the coveted AAA Five Diamond Award® – one of only eight hotels in New York City with this distinction – Trump SoHo gives guests another reason to visit: spacious

penthouses that all feature two bedrooms, giving Trump SoHo more two-bedroom penthouse suites than any other hotel in Manhattan.

The most spectacular suite available to the sophisticated traveler is the 2,300-square-foot duplex terrace penthouse that rises from the 43rd to the 44th floor. Double-height, floor-to-ceiling windows and an outdoor terrace of nearly 400 square feet offer unrivaled panoramic views of Manhattan. The convenience of a wine cooler, Subzero refrigerator, and the option of in-room dining will be appreciated by the most discerning of guests. The duplex is also the only penthouse to currently feature Bang & Olufsen televisions and speakers.

In November of 2012, Trump SoHo New York announced a partnership with Indiewalls, an e-commerce art Web site, to enhance the hotel's luxurious two-story duplex penthouse with a rotating art gallery, outfitting the walls with vibrant pieces from up-and-coming local New York City-based artists. ●
