

## Sandals Resorts

ACCORDING TO GORDON “BUTCH” STEWART, FOUNDER AND CHAIRMAN OF SANDALS RESORTS INTERNATIONAL (SRI), TIME AND VALUE are driving the increasing demand for luxury all-inclusive resorts. “The research is in and it’s clear: Americans are working more and taking fewer vacation days. With time at a premium, these travelers want the convenience of an all-inclusive experience without giving up the luxury setting, amenities, and services they have earned. This is what’s behind the suites of Sandals Resorts, the pinnacle of our brand’s continued evolution,” says Stewart.

The company Stewart created more than 30 years ago continues to be the most innovative in the all-inclusive category, and new luxury suite concepts designed for privacy and ultimate pampering are truly redefining the Luxury-Included® Sandals Resorts (sandals.com) experience. Indulgent, private, and incredibly romantic, these suites have earned the moniker “LoveNest Suites,” and all come with personal butlers trained exclusively for Sandals Resorts by the Guild of Professional English Butlers, adding an unmatched, personalized touch to the vacation experience.
