## *The Mulia, Mulia Resort & Villas - Nusa Dua, Bali*

LOCATED ON THE MAJESTIC COASTLINE OF NUSA DUA, THE MULIA, Mulia Resort & Villas (themulia.com) evoke a relaxed yet polished sensibility. With cutting-edge design throughout, the resort comprises three signature experiences.

The Mulia is a boutique all-suite resort with 111 suites. Mulia Resort boasts 526 accommodations, including lagoon pool rooms and suites. Mulia Villas is nestled on the hills of Nusa Dua with private pools and tropical gardens, giving guests views of the Indian Ocean and offering total privacy and relaxation.

The Mulia is a member of Leading Hotels of The World and offers a selection of one- and two-bedroom suites, each providing a patio with a Jacuzzi, spacious living area, state-of-the-art entertainment system, and indulgent oversized bedrooms.

Mulia Resort is sprawled along Nusa Dua's stunning coastline. Inside, furnishings compliment the tranquil ponds and pools outside, which weave effortlessly around the gardens. The resort offers unri-

valled facilities and a selection of outstanding dining venues including Table8, Edogin, Soleil, The Cafe, Mulia Deli, The Bar, and ZJ's Bar & Lounge.

Mulia Villas range in size from one to six bedrooms. The layout of the villas was inspired by the terraced Balinese rice paddy fields, joined in layers, each with views across the Indian Ocean and private gardens. Adopting design from traditional Balinese homes, the pavilion provides an outdoor living space with a hydrotherapy swimming pool and garden. The Residence houses a private pool and terrace, and the living room area has a lounge and restaurant that offers a la minute breakfast, afternoon tea, cocktails, and canapés.

In case just being in Bali isn't enough, guests can indulge their senses with a trip to the Mulia Spa, which features 20 treatment rooms and offers a comprehensive service menu incorporating Balinese, Asian, and Western techniques. Visitors can amble peacefully through the spa's state-of-the-art facilities, experiencing treatments that highlight the

facility's heat and ice ethos. The two Sweet Spa Hammam tables are ideal for deep cleansing, body scrubs, sea salt exfoliation, and mud wraps, and an outdoor Meditation area is perfect for yoga.

For the more adventurous, the resort offers a variety of activities from kayaking to tennis lessons, and can include diving, snorkeling, surfing, cycling, bird-watching, and exploring the volcanic Mount Batur.

Designed to appeal to only the most discerning world travelers, The Mulia, Mulia Resorts & Villas is guaranteed to make each guest's stay in beautiful Bali even more exhilarating. ●
