Universe Collection*

MILLAGE HAS BEEN CREATING UNIQUELY DESIGNED TIMEPIECES IN THE UNITED STATES since 1997 and manufactures their watches in their own factories within Europe. Throughout its history, shoppers have turned to Millage for value, integrity, and one of the world's finest selections of timepieces. The company offers well over 80 different dial colors in more than 100 unique styles.

Millage announced their newest solid 18-karat gold line of watches and will offer the Universe Collection in yellow gold, rose gold, and white gold. Each sophisticated timepiece will provide a handmade engraved movement with a complicated hour and minute hand, seated elegantly on a genuine alligator leather strap. Every piece will come in its own stylish 18-karat solid gold case.

Millage delivers quality timepieces to their collectors and customers, and this latest launch promises to gratify even the most discerning clientele. ●
