

Park Hyatt New York Manhattan Suite

Park Hyatt New York (parkhyattnewyork.com), the *Forbes Travel Guide* Five-Star award-winning hotel on Billionaire's Row, has unveiled its latest masterpiece, the Manhattan Suite, located on the hotel's 25th floor. Representing a \$10 million investment, this exclusive suite, complemented by two additional connecting suites, forms an expansive

3,500-square-foot retreat with three bedrooms, three bathrooms, two powder rooms, and two balconies, accommodating up to 10 guests. With sophisticated furnishings and distinctive design elements, the Manhattan Suite offers an unparalleled residential experience, exuding refined elegance and showcasing breathtaking 270-degree views of Manhattan's iconic skyline. Debuting during the hotel's 10th anniversary this year, the suite marks a significant milestone in Park Hyatt New York's multi-million-dollar renovation, celebrating a decade of luxury and innovation.

a harmonious interplay of energy and tranquility. Purposefully conceived to be both expansive and intimate, the Manhattan Suite offers a unique fusion of spacious elegance and private comfort featuring richly textured fabrics and graceful furnishings.

Nearly 18-foot floor-to-ceiling windows with breathtaking views of the striking skyline and Central Park allow natural light to fill the space during the day and the city lights to dazzle at night. The spacious living area is elegantly designed to host social gatherings or facilitate meetings, featuring a dining table for eight and a Bernardaud dinnerware collection. The kitchen is equipped with premium Miele appliances – including a built-in microwave and wall oven, induction cooktop, 24-inch fully integrated dishwasher, and a Master Cool™ fridge-freezer – bringing a sense of refined residential comfort to this luxurious setting. The primary bedroom in the Manhattan Suite also includes a private bar, complete with a renowned wine selection.

Guests can indulge in restful sleep with soft SFERRA linens on Bryte Balance king-size beds, equipped with AI-powered, multi-sensory technology that helps combat jet lag, promote quicker sleep, and ensure deeper rest. The lavish bathrooms further enhance the stay, featuring Le Labo amenities and the latest hair dryer from renowned stylist Rossano Ferretti. The opulent master bathroom offers a dual vanity, a walk-in rain shower functioning also as a steam room, an oversized marble soaking tub, heated marble floors, a Toto electric toilet, and bidets.

The Manhattan Suite experience is elevated with exclusive amenities such as a dedicated concierge, a personalized welcome gift, a refrigerator and mini bar stocked to guests' preferences, and the option for custom embroidered robes or pillowcases. Guests can also enjoy complimentary daily breakfast, indulgent spa treatments at the award-winning Spa Nalai, and seamless airport transfers to and from local NYC airports.

For the most discerning traveler looking to experience luxury in Manhattan, the Manhattan Suite at Park Hyatt New York is the place to stay. ●

The Manhattan Suite features a bespoke art collection and over 50 New York and art-inspired coffee table books, meticulously arranged to create a warm and inviting atmosphere. Curated by Tatar Art Projects, this ensemble includes works by renowned artists, authors, sculptors, designers, and artisans whose creations have graced prestigious venues such as the Guggenheim Museum. The centerpiece of the suite's living room is an awe-inspiring 165-inch Sharp TV, a towering display that brings vibrant art to the forefront and perfectly complements the suite's luxurious design. This striking blend of cutting-edge technology, fine art, and exquisite furnishings elevates the space, creating a setting where art and elegance coexist in perfect harmony.

Sawyer & Company, the New York-based boutique design studio, crafted the interiors to reflect the city's creative spirit while paying tribute to the hotel's rich artistic heritage. Drawing inspiration from New York's dynamic essence, geometric and organic elements are blended to create
